

OMC4413WL

Technical Specifications

Oven Capacity	44 l
Max Power	3200 W
Voltage	220 - 240 V
Temperature Range	50 - 230°C
Dimensions (WxDxH)	595x568x454 mm
Power of Microwave	900 W
Power of Grill	1750 W
Power of Convection	1750 W
Auto Cooking Functions	13

Microwave Assisted Cooking

Prepare the food in a conventional oven with the assistance of a microwave, which significantly speeds up the process to save time and energy. Food is evenly heated from the inside out.

Speed Heat

Speed heat is an advanced fast preheat technology. Comparatively, it takes only 4 minutes to reach 180°C, saving up to 40% of preheating time.

13 Cooking Functions

Find the program that matches your cooking plans. Improve your cooking skills and choose between 13 different auto programs including meat, bread, cake, fish, vegetables, side dishes, bakery, reheat, and much more with only a few touches.

Anti-Fingerprint Surface

No fingerprints on stainless steel. The surface is protected by inox which is stain-resisted, requiring no special cleaning agent.

Optimum Hinge

Hinges are the critical component for door structure. Our compact oven use manganese-based alloys to strengthen the mechanical properties for the long-lasting durability.

Optimum Hot Air Circulation

Through the concealed fan heater, hot air is evenly distributed throughout the cavity without a cold spot.

Features

Easy Clean

Safety Switch Off

Forced Cooling System

Electronic Oven Clock Timer

Electronic Child Safety Lock

Accessories: Enamel Tray, Short Grill Rack, Rectangle Grill, Rectangle Glass Tray
